

September DIY:

# Egg Carton Crocodile

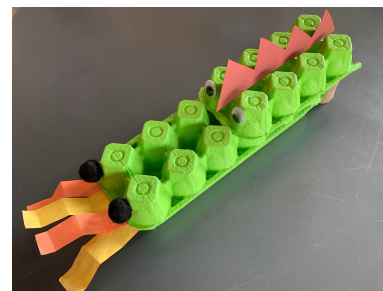

Materials needed:

1. 2 egg cartons
2. Green paint
3. Googly Eyes
4. Paint brushes
5. 1 sheet of red card stock
6. 2 sheets of yellow and red color paper
7. 1 clean cardboard roll
8. Glue
9. A pair of scissors

Directions:

1. Cut one egg carton 4x2 and cut cardboard roll in half.
2. Paint the outside of both egg cartons.
3. Cut croc's mane: straight on one side, zig-zag on the other (4x2 egg carton length).
4. Cut croc's fire!: fold red and yellow paper like a fan, cut into strips.
5. Glue the 4x2 egg carton on top of half the whole egg carton, covering 3 rows (leaving 3 out).
6. Glue the 2 cardboard rolls inside the 2 holes, giving it legs!
7. Center mane on the 4x2 carton and glue in place.
8. Tape strips of red and yellow paper inside the whole egg carton, leaving half sticking out.
9. Glue on your googly eyes and pom pom nostrils.
10. And... VOILA your fire breathing dragon!
